“ Veronica and children, My name is Bill Brooks and it was not only my distinct pleasure to know Pastor Frank, but i owe my career and marriage due to his encouragement and guidance.

i was a brand new Christian at age 51 and came out of a lifestyle of alcohol and drug addiction. he tutored me when we started the recovery group at Gateway encouraged me to attend college and if you remember even provided me with some work during my beginning semester in college. later in my career he introduced me to other Pastors in the community so i could pursue my counseling career.

he also counseled my son when i first married my wife. we are a blended family, but due to his counseling and advice to have breakfast once a week with my son we are not only father and son, but friends also. i am using the same principle with my 10 year-old grandson.

i am sorry to say i will not be able to attend any services. i am 80 years old am blind and have heart disease and Epstein-Virus. i do not leave the house much these days due to the virus. i also live in Whiting New Jersey, which is near Toms River if for any reason you want to contact me i have included my e-mail. i have software on my computer that reads messages to me. Jerry Fiolia has my phone number

my deepest sympathies for your loss
