“ To my Grandpa,

Thank you for being a part of my life since I could remember you and grandma were always there for me. The memories are kept in my heart and have taught me the most important things in life is family and love!

You were one of the best parts of my childhood. You will always be alive in my heart and within Zayden. As he grows, I will teach and tell him how you came to America and worked hard to have a good life! It's about dedication and passion.

Speaking about passion, your love for Italian food and cookies and cakes will not be forgotten. I know you were in heaven and with your family and grandma enjoying internal peace with Jesus. We love you and you will not be forgotten.

The name Mancini will live long and with honor.

Your Dearest Granddaughter,

Elizabeth Mancini

“ To my brother Anthony(Tony) So happy when
you came into my life I enjoyed spending time
with you. I will miss our breakfast together at
the diner you so much loved.

Going down memory lane when we were young how you looked
after me as a big brother would do.

Talking about our childhood . Back then we did not have much but
we had some good times and a lot of laughs.

At the age of 90 your journey has come to an end I will miss you
and until we met again rest in peace my brother I love you and
always had.

Your Loving Sister

Tessie
