“ *There's so many memories I can share from a early childhood. I always remember Bernadette coming to my house & checking my mom's stove to see what we had for dinner. There was always a plate in there of leftover food being kept warm for someone. Bernadette would take a fork cause she knew where there were & would start eating. After she would tell my mom what a great dinner she made.....lol She was a special woman. I was always over the house because at this time I was losing my father. Thank u for always being so kind to me & always taking care of me. Rest in Peace. Xoxo.*
