All alone in the moonlight
I can smile at the old days
Life was beautiful then
I remember a time
We knew what happiness was
Let the memory live again

“ *What a great lady we lost. Working with Charline was one of the best experiences of my career. Her dedication to the lab, the staff and the people of Staten Island and, regrettably, to a hospital that showed too little appreciation of her talents, they should name the lab after her. I will miss her*
