“ *I am heartbroken by the loss of my wonderful friend Denise Oneill, but I am honored to have the memories we have created. While raising her children Denise went back to school to become a registered nurse. As a fellow registered nurse I can say, Denise was the true meaning of what a registered nurse is supposed to be! She had a passion for caring for people. Almost everyone I know could tell you how she helped them at Staten Island Hospital. She was always there for everyone!  
I treasure my devoted friend Denise so much.  
I am so thankful for her presence in my life!  
Denise...  
Your life was a blessing, your memory a treasure. [L] [SEP] You are loved beyond words and missed beyond measure.  
Forever love, Sherril Stutz*

“ Denise, your passing is a loss for a lot of people that you managed when you were our manager at SIUH. I want to thank you so much for being one of the best managers I have ever had and know at SIUH. You were like a mother to most of us. You guided us in times of trouble - you were there to help us in times of death, for me especially when my father passed, you were there to comfort me. That I can never forget. Denise, as you leave us, you are up there now with your Lord. Rest in peace. To the family, her children and grandchildren, your mother was loved by those she came in contact with. Know your mother is resting in peace and will be watching over you each and everyday.

“ *My deepest condolences for this unimaginable loss. Wishing the family comfort and strength in this difficult time. Denise was a beautiful person. A strong person, and a woman of faith. She was not only my manager, but a family friend and a mentor. This loss will be felt by so many people. Denise was in my delivery room when I was in labor with my daughter. She was so supportive and motherly. She was there during good times and bad. Someone I knew I can always rely on. I could have never imagined that our conversation over Thanksgiving would be our last one. May her soul rest in eternal peace with the Creator.*

“ Denise was always a mentor and an awesome friend to me!! I loved her positive spirit... and we connected on the first day we met!! We both shared our first names... and well as our birth date (December 11th). We always joked about that and told everyone when we would see each other, especially in December!  
I am truly heartbroken 💔 and I send my love and prayers to her family at this painful time! 🙏  
RIP, my friend! You will be missed!
