I want to thank everyone for their thoughtfulness and kind words that was received by email, text, message and the one we forget most the telephone. It meant so much to hug family and friends who visited Mom for a minute or an hour. Thank you!

My Mom was one of six children and its sad to say we will not have the story telling hour anymore except for the ones they shared with us over the years.

I hope to share more photo memories of the ones we love.

Love you all. Doreen
