“ *Uncle Don, I didn't get to spend much time around you since you lived so far away, but you left a big impression on me during the times I was around you. You had a huge personality that lit up any room. I remember the stories you would tell and make the whole room roar with laughter. You will be missed and forever loved!! RIP Uncle Don*

“ Don, You are loved with all our hearts and we will forever cherish our beautiful memories of you! Family & friends, if our beloved Don could leave a message, this is what he would say to the ones he loved dearly!

A shadow of joy flickered; it is me.

I told you I wouldn't leave.

My memories, my thoughts are imbedded deep in your heart.

I still love you.

Do not for one moment think that you have been abandoned.

I am in the Light.

In the corner, in the hall, the car, the yard ~

these are the places I stay with you.

My spirit rises every time you pray for me,

but my energy comes closer to you.

Love does not diminish; it grows stronger.

I am the feather that finds you in the yard,

the dimmed light that grows brighter in your mind,

I place our memories for you to see.

We lived in our special way,

a way that now has its focus changed.

I still crave your understanding

and long for the many words of prayer

and good fortune for my soul.

I am in the Light.

As you struggle to adjust without me,

I watch silently.

*Sometimes I summon up all the strength of my new world
to make you notice me.*

Impressed by your grief,

I try to impress my love deeper into your consciousness.

As you should, I call out to the Heavens for help.

You should know that the fountain of youth does exist.

My soul is now healthy.

Your love sends me new found energy.

I am adjusting to this new world.

*I am with you and I am in the Light.
Please don't feel bad that you can't see me.
I am with you wherever you go.
I protect you,
just as you protected me so many times.
Talk to me and somehow I will find a way to answer you.
Mother, Father, son or daughter, it makes no difference.
Brother, sister, lover, husband or wife, it makes no difference.
Whatever our connection ~ friend or even foe ~ I see you with my
new eyes.
I am learning to help wherever you are, wherever I am needed.
This can be done because I am in the Light.
When you feel despair, reach out to me. I will come.
My love for you truly does transcend from Heaven to Earth.
Finish your life with the enthusiasm and zest that you had
when we were together in the physical sense.
You owe this to me, but more importantly,
you owe it to yourself.
Life continues for both of us.
I am with you because I love you
and I am in the Light
In Loving memory, Gary, Sheryl Davis & family*
