“ Betty my sister and best friend. I am missing you so much. Words can't express how much you are missed by us all. I am taking care of your girls as best that I can. You always said you will only have grand doggies but you have the most precious two grand babies ever. I tell them all about you and I will never let them forget about you. That little Elizabeth is just like you with all you glitter lol. Until we meet again I will never forget you and all of the good times we had.

Your sister for ever Ellyn

“ We only recently heard about Betty`s passing. She sold us our very first home in 97 and we are still here. She lived on the same street (Ludlow) as my in laws and she was so bubbly and full of life. And she had such a cuteness about her. She shared her painting techniques (she kept a lovely home) which we used in our own home. And I always thought of her and the events that led to our first big purchase. It's so sad that such a beautiful vibrant woman has passed away and way too soon. Very sorry.
