“ Gene Leppik was one of the greatest men I have ever known. I greatly regret not staying in touch, but when I was younger he was like a big brother to me. Definitely one of the most influential people in my life. So many memories of so many good times. So much fun! But mostly I will remember a caring man who constantly helped others and loved Marlene and Tara above all. I will always remember you Finn. Thank you for all you did for me. The world is a darker place knowing you're gone. I loved you man. Rest in Peace brother.

Gene I knew of your passing but not this tribute page. Sorry I am late. You were one of my best friends growing up. Building scooters and motorized bicycles in your back yard. Then there was the apartment down on Hylan Blvd and Barclay ave. where we spent hours listening to albums. The Beatles were your favorite. Many years passed as I moved to Florida and we never saw each other again until I stopped by your house on a trip back to Staten Island. It was good to see you after all the years that had passed. Condolences to your family, they lost a great man.
