“ *My deepest condolences to Marie and the Anderson family. George was always a kind, gentle man. I was looking forward to going out to dinner with George and Marie when this pandemic is over, I am so sad that he was in pain at the end but I do believe his light is shining from heaven. Until we meet again, George.*

“ When I first met George we found out that we both went to Midwood H.S. & graduated in the same class. I went home & looked for his picture in my year book & remembered him in some of my classes.
Irene Glener

We enjoyed going out for dinner with George & Marie, playing dominos or sitting at the swim club & just talking. He will be surely missed.

We offer our heartfelt condolences to Marie & the entire family.

“ My Uncle George was an important part of my life. I am the daughter of his older sister, Gladys, who became a single mother when I was 5 years old. Since my mother had to work, I spent my summers in New York with my grandparents, uncles, aunt and cousins. This photo was taken by my Aunt Marie, (before she was my Aunt Marie), when we were at the park one day while they were dating. I love it because it shows him holding me like a father would hold his daughter. That was one of many times he filled that role for me. (On a side note, he was quite the photographer and actually developed this photo himself.) He later went on to marry my Aunt Marie and have his own family, but I will never forget the summers he was a father figure for me. You will be missed Uncle George!
