A New York State decision that those who are vaccinated are no longer

required to wear masks. However, our staff who have serviced over 350 covid funeral services safely will wear masks to protect those who have not been vaccinated or those who feel uncertain and our own families. We feel this is necessary because we have handled 8 covid deaths in the month of May and more as of this writing of June 21st.

Due to the current pandemic circumstances please note: We ask that you please send bakery products, fruit baskets, and other personal items to the families home directly. Floral Arrangements can be purchased from our in-house floral designers by calling 718-948-2016 to place your order or to request a catalog of selections that can be emailed to you.

“ To the family of Jenn,
Jenn was a Facebook friend years ago and I wa Ted to tell her something. But then when I looked her name up was Grieved to see that her and her husband had died.
Was and am saddened but happy she is finally free from that body that didn't work anymore.

“ Sadly, I just learned of Jennifer's passing today. We were online pals through a mutual acquaintance. We chatted many, many times online and we also talked on the phone. Jennifer was so very proud of her children, grandchildren, and family. We would constantly share photos of our grandchildren. We so enjoyed stories about when the kids would come to visit!

I have been away from online, contracted Covid, and also fell three times in the past six months. So, we hadn't chatted in quite some time. I was very saddened to hear about her death. Good thoughts to everyone who knew and loved her!
