“ *We are so saddened by John's passing. We have many fond memories of good times together. Whether it be at firehouse functions or personal social events there was always much love and laughter.*

John took Ed under his wing when Ed first arrived at the firehouse. He used to call Ed "the kid". One time they went to a golf outing, their designated driver left them and they walked many miles home in the wee hours of the morning after stopping for Dunkin Donuts! May he rest in peace in God's loving care.

*Much love,
Ed and Fran Plankey*

“ My heart is crushed. My hero, my dad has passed. I thank God we have had many deep conversations about the Lord and he is now resting in the Lord, as the word tells us that those of us that know the Lord only “sleep,” until the day we stand before Him to collect our rewards...I love him so much. There’s no words to describe the man he was. He helped and protected everyone. Until we meet again...

“ Friendship survives death. Memories made will never be forgotten, and they left an indelible imprint on those left behind. Everyone improved as a result of having such a fantastic friend.
