“ I always saw John when I went to visit my parents at Brandywine. Whenever I saw him, I would always say hello and he would always say how good to see me. The last time I saw him was the Thursday before he passed and he was in the TV room and I'm so glad I stopped to wish him a happy Easter and call him handsome. I will always cherish his memory.

We met John the week before he passed. He was our mother Rosemary's dining partner. We enjoyed meeting him and thanked him for his service to our country, the best experience he said of his life. May he rest in peace. Sending prayers to his family.
