“ *I want to thank everyone for there blessings and prayers. John is missed so much. We had a wonderful life together and I wish there could have been many more years spent together. He suffered many years in pain and fought ALS for a number of years. It weakened his muscles and made the simple things difficult for him, but he would not let it take over. We knew that the ALS would eventually make it impossible for him to continue his battle with the disease. John you are in my heart and thoughts always and I will Love you forever.
Your wife and best friend, Lin xoxo*

In touch on Facebook for a few years, but finally lost touch. My sincerest sympathy for your loss.*
