“ *I am a contractor who met Joe and had a few very memorable interactions with him at Linear Technologies. Today I was deeply saddened to learn that Joe has passed. Although I did not know Joe well, it felt like I did. I think he was that kind of person. I clearly recall sharing a lunch with him in the conference room at Linear one afternoon in Nov 2017, and we had a wonderful conversation about life, sports, work, and a bunch of things that one would not expect to come out at a business meeting. I will remember Joe, and wanted you to know that he left an impact on me as a good person, a more than fair businessman, and someone who I am sure you will all miss greatly.*
