“ *Mrs Brill, I was heartbroken to hear of your passing. In the short time I had gotten to know you, I was truly touched by your love, kindness, and sense of humor. You helped me get through my own Mother's passing with compassion and kindness. I will miss you but will keep our time together close to my heart. You truly were an amazing and special person. My heart goes out to all of you family and friends, but I know that heaven now has another angel.*

“ *I have been a neighbor of Karen's for 33 years. We have had so many great conversations with her leaning on her broom in the front of her house when she was moving the water down the street. Karen was an amazing woman of great character who never hesitated to say what she meant straight up.. Headstrong and opinionated and basically a no fuss person.....my kind of woman who was a good neighbor and friend. I will miss her very very much.*

Karen was a neighbor here for the last 39 years. To say she was awesome was an understatement. When I was diagnosed she was one of my biggest cheerleaders. My grandkids love you nature walk down the block and she was always so gentle and kind towards them. She will truly be missed by our family. Cathy and Bob Volpe.

“ I am so heartbroken and so grateful that I got to spend such fun times with you recently. I don't know the last time I was up till 5 in the morning, but it was so easy laughing and having such fun times with you. Nobody else can do justice in telling our funny stories from the 90s. They got funnier and funnier each time you told them. Thank you for ALWAYS making me feel so special EVERY time I saw you. Thank you for being so loving and caring to me back when I lost my parents. You helped me get through the roughest times in my life just by being so loving and so good to me. Heaven just got an amazing soul and we are going to miss you so much. Love you!
