“ I'm a long-time patient at the medical group and have known Lauren for many years as a special, caring, pleasant girl. Always helpful, knows us by name. As a patient, I feel heartbroken and can only imagine the pain her own family is going through. And to her special co-worker, Elissa, I pray for your healing. God Bless Lauren. She is in our prayers.

“ Dear Lufrano Family, I am at a loss for words, still in shock & deeply heartbroken. Lauren was a very unique young lady who was admired by many. I am so so sorry for your loss. It is so hard to comprehend. I will truly miss her & all the good times we've shared at work. She was genuine & had a heart of gold. All I keep asking myself is "why"? She was just starting to live her life. The Lord knew He picked a "one in a million Angel" this time around. May Lauren RIP Amen xox <3

“ Lauren was always so kind and sweet to my Mother whenever I brought her to the HIP medical center. She would greet my Mom by name and would always be very upbeat and professional. It was nice knowing she was always there at the desk checking in patients. She had a great rapport with the older people and always had something funny to say and made them feel like they were going to be taken care of. I always thought that was a gift she had in a day and age where people don't respect older people and she always made them smile and feel comfortable . I was glad my cousin Lauren was there so many times to greet us. Her personality will be greatly missed in this world. My heart goes out to her family. Diane Lufrano
