“ *I remember feeling so unwanted at the job we worked and you came and you made me feel loved and supported. I will never forget you for that. You was always a great friend and he was a great teacher. You had so much patience, even though you couldn't stand people. You will always be my Doug. lol. The inside joke I hope you got. I'm not sure if you ever even looked up to see who Doug was. But you were a great friend and a great person. You made a big impact on everybody. So sad to see you go as such a young age. I love you to the moon and back. Hopefully you're watching over all of us. I'm glad you got to experience, love and happiness. So hard to say goodbye so I will say I'll see you later my friend until we meet again.*

“ Larry... I don't even know where to begin... We have so many memories that I will cherish forever. Let me start by saying after having the blessing and pleasure of having you in my life as a brother from another mother, one of my truest best friends for over 15 years of my life that I am so thankful to say I got to make the memories I did with you. You walked in a room and immediately there was good vibes and laughs. You had the sweetest soul and cared so much for the people you loved. I am broken that you were taken away from us way too soon but I pray you are at peace right now as you were so strong through life and always fought through anything life had to throw at you. I am so proud to have known you so well Larry You were a beautiful person inside and out and this still doesn't even feel real to me after everything Larry all I can say is I love you with all my heart and you will truly be missed dearly every day. Gone but never ever forgotten. You left a Stamp on everyone's hearts forever ❤️ RIP to the realest. My bro Larry . Love you may you rest in the sweetest peace.
