“ *Nana was my number 1 fan and biggest supporter. She was probably the only 76 year old with a tiktok account just to watch me. I'm going to make you so proud and do everything you knew i could do, nana. Thank you for making me, and everyone around you feel so special. You are the kind of light that is irreplaceable, and i'm so grateful to have had you light up my life. Love you forever, nana. ❤️*

“ My heart is broken and I don't know how life will be without her. She was to me my mom, my friend, and the best grandmother (nana) to my son. I have so many memories with her that I will never forget. She was one of a kind and will miss so many things about her, especially how we would laugh so hard about things only we would get that it would make us cry. I will miss her jokes, her laugh, her smile, talking and drinking together for hours, staying up on my couch talking all night about everything even when it didn't make sense, our trips, shopping, decorating, the way she was the life of the party, how she still calls my son cookie face, how she took care of me when I was sick, and most of all the love she gave all of us. There are no words to describe losing her and I will forever love and miss her . Rest in piece mom

Love you xoxo
