“ My sincere condolences to Lori's family during this sorrowful time. I fondly remember such happy times with Lori during our years in high school. She was truly one of my funniest friends and her wise cracks were legendary. I have specific hilarious memories of a biology class where we were required to dissect animals. For everyone who knew Lori, you can only imagine how hysterically funny and memorable she made that experience for me and most of our class. She was an original for certain. While I haven't seen her in over 30 years, we reconnected through social media several years ago and as recently as this month, her posts continued to make me smile and laugh. Such a witty and bright light has been extinguished far too early. I want to let her family know that even though it has been so long since I've made new memories with Lori, her wit and her kindness touched my life so much so that it has remained with me all of these years later. What a beautiful legacy she leaves here on earth for all who knew her - past and present. May God grant you all the comfort and peace you will need to cope with this powerful loss and may God bless and keep her beautiful soul and grant her eternal peace.

*I have never met a person so full of life. I am forever grateful to have known such an amazing woman and completely honored to have called her my friend. My heart is broken. Thinking of the Hemmy and Pizzi families during this extremely difficult time.*

You can now rest in peace, Lor, as you & my Laurie watch over those who loved you so. May Our Lord have mercy on your soul & provide strength to John & my sweet niece, Jackie!* 💕 🙏
