“Michael, meeting you was truly a blessing. In the short period of time that I knew you, you made me feel so important. Your son loves you dearly and all he ever did was talk about the love he has for you. I will keep every single promise that I made to you about taking care of your son for life. I will always be here for him in every way possible. He means the world to me! I will help steer him in the right direction always as you've asked of me, "your princess daughter in law". Although we don't have many memories together, I will take the ones we do have, everywhere I go in life. I will never forget all the laughs we had just a week ago! :(Please watch over Michael and always keep him safe. You are now at rest in the arms of the lord, but forever alive in my heart & my mind. May you rest in the sweetest peace. I love you❤️

“Michael, you don't know me but I am a friend of your mom. I live in Spain now but keep up with your mom and you! When you were born, your mom was so very happy and I feel like you are one of mine. I feel for you and your mom deeply today after reading this news and will be praying for you both! I heard many great things about your dad and I know you were the light of his life. Stay strong, take care of your sweet mother, she loves you so! My prayers are with you both!
