“ We have known the Surrey family for many years. My sons, John and Michael were in class with Michele for most of their school years. Janet and I joke about how we should have a reality show with all the craziness that goes on in our lives. I know it sounds like a cliché but it's true that God doesn't give you more than you can handle. Fred and Janet, you have worked tirelessly for many years to get the girls everything they needed to make their lives comfortable and to preserve as much of their quality of life as possible. I believe that God chose you for Michele and Lauren and they chose you to be their parents. Somehow we muster up the strength when we don't think we can give anymore of ourselves to do what we have to do. Michele was put on this earth for a reason and her mission has been accomplished. Only God knows what that mission was and one day when you are with your beloved daughter again, you will finally have all of your answers. You guys are always in our prayers and may God give you the strength to get through the difficult times. Love The Amoroso Family

“ As toddlers & young children, first it was bowling. As time went on it was dancing , baseball and then football. It seemed that our kids always found some interesting activities to keep us busy. Michele was always there, her big blue eyes, wide with excitement, waiting for the fun to begin. Her beautiful smile was always so inviting to everyone who knew her. Always keep on smiling Michele. Show all of the other angels in Heaven, how it's done. Janet, Fred & Lauren, please know that our thoughts are with you, now & always. May you take comfort in knowing how much Michele is loved by all who know her. With Our Love,

“ Michele, God must have needed another angel when he called you home. I know that you will be a guardian angel watching over those you love always. You will be missed by all who knew you, but in my heart I know that wherever afflictions you had here on earth are no longer with you. In your own way you made others lives' better for having been near you, as I know this myself first hand. May God bless you sweet angel. All my love always, Uncle Damien.

“ Some of my favorite childhood memories with Michele, include going on our family vacation to the Poconos—and driving everyone crazy, blasting our *Now That’s What I Call Music* cassette on repeat the whole trip. We always had the best times as kids playing Barbies and having jumping contests off her pool ladder. Michele’s favorite thing to do was dance (which I always hated to do), but she always knew how to drag me into the center of the living room to have a dance party. It always makes me laugh thinking of how we would conspire with our sisters on Christmas to peek at all our gifts when everyone was distracted (especially cousin David’s giant gift bags!) I also remember Michele’s phase as a kid where all she would eat was *Pastina*...I will forever think of Michele every time I see that box of pasta! Michele was the epitome of a fighter, and fought until the last possible second. No matter how much her disease took from her, she never let it stop her from smiling. She taught us all the importance of taking every moment on earth for granted, and to never give up on anything. We will all miss you so much Michele, and you will forever be in our hearts. It brings me peace knowing heaven has gained a special angel. Until we meet again ❤️ Cousin Angie

“ *Some of my fondest memories of Michele go way back to our after school homework dates. We would sit at her desk and she always did her best to complete her assignments.*

Janet would make us all a great dinner, and sometimes I would help Michele get ready for bed, all tucked in and read a story.

I always go back to that time and it makes me smile.

My hope is that everyone who knew Michele has a special memory that makes them smile.

Be at peace,

Love Aunt Laura

“ I remember the first day I worked with Michele and Lauren. Michele and I played Barbies for hours! Her favorite thing to do at the time. She was Ariel and I was Prince Eric. Michele was a sweet, loving and sensitive soul. She loved to go shopping Friday nights at the mall and get Arthur Treachers. Michele and Lauren are the reason why I became a SpEd teacher. Michele has made me a better person. She will be missed. Love you Mishy Moshy!

“ I had the pleasure of working with Michele for over 6 years when she was a high school student at Hungerford at New Dorp. She was so full of life and laughter she always had a beautiful smile and great spirit to her personality. I was her para at the time. Her parents were the nicest and most compassionate people I could ever have met. To me I felt blessed to come to know the Surrey Family. May Michele rest in everlasting peace.

“ That beautiful red headed girl who walked into the studio. She danced and looked so pretty in her dance costumes. I taught her for years and she was the happiest and most beautiful child I had the pleasure to know. Her sister followed her and i also taught her or rather continue keeping her a part of our studio. Michele taught me life is precious, time is precious and you don't know what road your chosen to travel. She would hear my voice and know who i was. I'm honored to have known this special earth Angel and her sister and family. May God Bless all of you and keep you . My heart is broken for your family but i know your dancing and running and jumping in God's house. You are now an Angel of God.

Love ,
Miss Caroline

“ Michele will be in our hearts forever as we remember the family gingerbread house parties at Aunt B's, her laughter at the Grinch and our private joke about eating all Dad's Yodels. She will be missed but always remembered with love 🙏💕😊
