“ Nancy. It’s with a heavy heart I am writing to you this way. I just want to first start by saying how much I love you and how much I’ll miss you. I’ll miss our long serious talks and our long hysterical talks we had. I’ll miss the “ jelllllllllllo”. When you would call me. But most importantly I will miss YOU my friend. Me and you clicked instantly as I joined this family and it never wavered as the years went on. You were someone I had a lot of laughs with but shared a lot of my personal stuff with as well. 7 years ago when I was a first time mom I was lost and clueless. But thankfully I had you and all the time you spent here and on the phone teaching me what to do. Even the craziest of questions. I thank you so much for being there for all the times I needed you. I always looked forward to seeing you at family parties or just chatting on the phone. I’ll cherish the time I took you to treatment and we had all that time in the car and to laugh. I really admired your strength through such a hard time. You always held yourself with a positive attitude and you fought this battle with such Grace. Last night I said to myself nance would tell me “ stop your crying Pamela. I’m fine and you would lovingly biff me on my shoulder”. Well I can’t promise that now. The tears won’t stop and I miss you my friend. I felt lucky to have you in my life and I hope you always know what you meant to me and how much I love you. May you rest easy my friend. You left a mark on my heart forever - Pamela. Vinny and the kids will really miss you. Love you always my friend.

“ My beautiful kind hearted cousin Nancy I'm trying to figure out what to say so I'll just speak from the heart . There are so many memories we have together me you and Tim. From your wedding to the beach in New Jersey to all the shows with Dino and Geralyn . All the fun times and laughs and music . I admired how special and loving you are and how you always knew how to light up a room with laughter . With the love you have had for your family the love for Timmy was so beautiful to see . Thank you for always being you and never changing though everything
Fly with the angels my dear cousin and sleep easy . Aslong as my heart beats you'll forever be alive .

Love
David
