“ I'll always remember Friday nights at your house when we were young and our Moms played Scrabble in the kitchen while we had ice cream sundaes. When we knew the words to every commercial jingle and the beginning of every show and sang it loud and proud! When we were gonna have a band and you were gonna be the singer and I was back-up singer. The time we snuck out of my house in the middle of the night while my Nana watched us, to go deliver the papers with Michael and Tommy, boy did we get in trouble! I have so many memories and stories of the 2 of us...I will miss you more than I can express here. Who will laugh with me at the crazy stories that we lived together and who will cry with me at the struggles that we have lived through? I know the answer, no one--there is no one else that I have had these experiences with. I will miss you everyday and someday we will be together again to continue the journey
Rest easy my friend, until we meet again.
