“ I would first like to begin by saying I'm extremely sorry for the loss of Peter. Although I didn't know him personally, I had the pleasure of getting to know him while he was in Staten Island University Hospital -North Site. There, I'm just a volunteer helping out the nurses and helping the patients the best I could. (3b) I see many patients while I'm helping out but there was something special about being with this patient. No matter when I walked into the room, he would always greet me with kind words (sometimes even a good joke) and he always had a smile on his face. When I saw him last week, it broke my heart to see him the way he was. Thursday late afternoon before I left I made sure to visit him. It broke my heart to see him suffering like that; although he might have been comfortable. The love and support his family gave to Him through it all is indescribable. . His wife, RoseAnn was always there no matter what. I had the pleasure of speaking with her for hours at a time when I was in the room. She gave me such kind words and really made me continue to smile. I also had the pleasure of seeing his sister, Bridgett and speaking with her for a while. (I saw the daughter once because i wasn't on the floor the hours she came). RoseAnn and Bridgett-thank you so much for all your kind words of encouragement. Peter,RoseAnn and Bridgett- thank you for making me realize that everything I do in my everyday life does help those around me and their families. Thanks for also making me think more about my future from all your great advice. I really do feel your pain of the loss of a wonderful man, Peter. Peter, rest in the sweetest peace and please watch over your family always. To the family of Peter: please realize he isn't suffering anymore and now he is at peace. Remember all the memories you made with him and cherish them forever. I will continue to keep you all in my thoughts and prayers. Rest in Peace Peter 🙏
