“ *First time i ever met him i was bouncing at Legends and he came up to me and said how can you be a bouncer and not know how to fight lmao. I was like huh? Of course later that night there was a big fight involving me and when i turned around to look at my surroundings, he was right behind me ready to throw down with me. He was like i had you all wrong man. I got your back forever. Ever since then me and him were best friends at legends! He would just I.D. random people in the bar when i wasnt even working and hand me their I.D. and just stare at them dead in the eye until i said they were ok... But i couldn't ever keep a straight face when he did this.*
