“ *Bob and I worked together at Treadwell Corporation in the 1980's. I recall two projects like they were yesterday: One was a new wastewater treatment plant for Orange & Rockland Utilities in Haverstraw, NY and the other a coal-burning power plant in Shelocta, PA. Bob was lead manager in charge of all construction activities on both projects.*

Bob was a very capable, intelligent and generous leader. Everyone respected Bob and enjoyed his approach to supervising teams and projects. Bob was also a real fun person. We had many laughs and good times together.

*My sincere condolences to the Wing family.
