

Rosa Maria Melendez-Gonzalez

February 23, 1957 - April 20, 2020

Rosa Melendez-Gonzalez was born in 1957 in El Salvador.

Beloved wife to Jose Gonzalez. Mother to Maria Melendez-Horvath and Patricia Silver. Stepmother to Guadalupe, Elizabeth and Ricardo Gonzalez. She was a grandmother to Dean and Josephine Delgado, Luke Horvath, Noah and Luna Cano.

She left her country 1985 in order to provide a better future for her children. Rosie brought her two daughters to the United States in 1991.

She was a woman of faith, hard working with a colorful sense of humor.

She instilled a hard work ethic to her daughters and was immensely proud of their accomplishment which couldn't have been achieved if she had not brought them to the United States.

Rosie was an avid cat lover and took it upon herself to feed the neighborhood's stray animals.

Rosie was called home to the Lord and we'll see her again in heaven. She passed away on April 20th, 2020 from complications from COVID19.

My remembrances of Rosie are one of fondness. She was always happy to see us and the kiddos when we did have an opportunity to visit. She was a very tiny lady with strong hands and an infectious smile. She loved her husband very much and worked hard to keep her house tidy. I remember her taking her pet turtle out of its aquarium as he walked across the carpet in the living room. My family shared a few meals in her kitchen along with her generous husband Jose. I thank Rosie for working so hard for many years, saving money so that she could support my wife and sister-in-law in El Salvador. Eventually being able to send for them in the midst of the Civil War raging in her home country. Because of this sacrifice I am blessed with a lovely wife and family.
