“ *A very long time ago, when I first moved to staten island, Rosalie and another friend that we worked with in The world Trade Center were kind enough to come to my new apartment. They helped me unpack and brought me a few bags of groceries to help me get started. Rosalie had extended friendship to me that I have never forgotten. I wish to extend condolences to her family and loved ones. It has been 31 years since I saw her but I have never forgotten her kindness. Lee Abenilla (formerly Lee whalen). Rest in peace Dear Rosalie.*

“ I am so sad for you, Ross. Your mom and I shared some great times together, especially when you were young. She was a woman of great conviction, love , and compassion. Not a day went by that she was not thankful for you and what you brought to her life. She was always the epitome of class. Loved her so much. Please let me know if I can help you in any way, Ross
