A New York State decision that those who are vaccinated are no longer required to wear masks. However, our staff who have serviced over 350 covid funeral services safely will wear masks to protect those who have not been vaccinated or those who feel uncertain and our own families. We feel this is necessary because we have handled 8 covid deaths in the month of May and more as of this writing of June 21st.

Due to the current pandemic circumstances please note: We ask that you please send bakery products, fruit baskets, and other personal items to the families home directly. Floral Arrangements can be purchased from our in-house floral designers by calling 718-948-2016 to place your order or to request a catalog of selections that can be emailed to you.

“ *What can I say about Dolly Orlando, she was a wonderful lady and I am so honored to have known her. We would watch our favorite soap opera Days of our lives, have either pizza or country donuts and coffee. Some days we would just spend hours just talking and having a good time. Heaven got a wonderful lady now. Dolly I will miss you. Love Maria Muscat.*

My dearest Aunt Dolly, there will never be another you! I'm so thankful for our endless talks and the most beautiful cards written that I will cherish forever! You were always amazed at how many people loved being around you... I wasn't! You were easy to be around and love! I will cherish your love for me and our "secrets"! You were always last to say love you and send kisses through the phone! I will sorely miss that. Rest easy my dear Aunt...Let's Go Mets! Love you, niece LuAnn ❤️🌹

“*Grandma, I miss you already. Thank you for all the years and memories. Thank you for singing happy birthday to me every morning over the phone to me for my birthday well into my adult years. Thank you for the laughs and stories. Thank you for treating my wife Violet like one of your own. She loves you very much. Thank you for the bagel, hard boiled eggs and black coffee those early mornings when I stayed over before a trip to battery park. Rest easy Grandma.*

Love always,
Your "Numba 1 King,"

“ On June 30 at 945am God decided it was time to call on an Angel. Our Grandma Dolly lived a full life of 94 years with a heart that was pure. She was loved by anyone she encountered and had the pleasure of knowing and she loved them back. No matter who you were she saw the good in you and treated you like you were special to her. I remember the Sunday family dinners in Brooklyn and how we never wanted to leave. I remember her words always.. she always referred to me as “ My Michael” and her “Beautiful Blue eyed Doll.” I remember her conversations and her ability to recall minor details about our family and relatives from as far back as the 30’s. I could listen to her forever. She truly cared little about trivial things and semantics.. she cared about people and loved them with all of her heart. When she wrote a card she covered the card and envelope with words of love and you knew they weren’t just words. This feels like the end of an era and the sadness we all feel is terrible. But when I start to feel at my worst that I won’t see those eyes look at me or her hand reach out to hold mine again in this life I remind myself how lucky I and my family were to be blessed with the most loving caring person God has ever created. Your life is to be celebrated and your heart is to be remembered and emulated by us all. I love you Grandma Dolly you’ll always be the foundation of our family and will be with us always. ❤️❤️

“ May my grandma Dolly Rest In Peace ❤️ She was the best Mother, wife, grandma and great-grandma and will be missed by so many. I am so fortunate to have made the best memories with her for so many years. She loved everyone, was always so thoughtful and caring, no one wrote a card like her, her endearments “my beautiful princess, my baby doll” will always be with me. I treasure my memory of trips to Nellie Bly with her and Grandpa Bonto, sleepovers at her house, the Brooklyn Bazaars, the best Sunday dinners with cousins at her house where we would steal and eat the frozen raviolis and play and get dirty in the backyard. Even when she moved to Staten Island I loved visiting her, she always had a treat to give our kids and made the best cup of coffee, I loved sitting and chatting with her and loved hearing about all I had to say. She loved my husband and always spoke about the Mets with him. She prayed for everyone, always asked about my friends and how they are doing. Always had something good to say. She was a pure angel and had a heart of gold. I feel like I can go on and on because there is never enough to say about my Grandma Dolly. She will be forever missed and I will always love her so. ❤️❤️❤️

“ On June 30 we lost the heart and soul of our family, our wonderful Mom, Rose “Dolly”. She entered the gates of Heaven to be with our Lord and all of her family and dearest friends who are waiting for her. Mom was a loving, compassionate , positive , peaceful, contented woman who only saw the good in everyone she met. She gave us the best gift of all , her unconditional love all of our lives and while our hearts are heavy with sorrow we know that we were truly blessed to have her with us all these years and that we will see her again. We love you forever Mom.

Oh Anthony! My heart is hurting for all of you. We loved "Grandma" Dolly and from the moment we met her she was family. I will cherish her cards that she wrote the sweetest things not only in the cards but on the envelopes as well along with her Mets bobblehead stories. She was a wonderful lady with a huge heart. Our condolences and prayers to you all.
