“ *To the Murino family : I really like Russell . He always treated me very well . What I enjoyed most about my relationship with Russell was the conversations he and I would have . He was always frank and honest with me when we spoke . I would walk from my conversation with him feeling I got a little lesson in life . There are very few people I could say that about in my life . God Bless you Russell . My condolences and love to the family . James Savatteri*
