### In Loving Memory

Sandy Scotti, 64 passed away surrounded by family and friends on July 27, 2023 after a battle with lung cancer. She was born and raised in Brooklyn and lived there until she settled in Staten Island in 1988. She graduated from Katherine McAuley High School and went on to become a nurse. She married her husband, Michael, in 1978. Together, they had three children. Sandy loved her job as a nurse and office manager. She also loved the people that she worked for and with. Sandy would always be there to help someone out or just to talk. She enjoyed spending time with family and friends. If there was a party, you could bet that she would be on the dance floor having a great time! Sandy could talk to you about anything and everything. She probably even knew someone that you knew too! She knew how to make everyone feel comfortable and welcome. She will be deeply missed by her family and friends who loved her very much. Sandy was predeceased by her parents John and Amelia Fontana. She is survived by her husband Michael, daughter Nicole (Joe), son Michael (Alyssa), daughter Jennifer (Charlie), sister Antoinette (Harry) and brother Danny (Anna). She also leaves behind her grandchildren Charlie, Nicole, Carmela, Amelia, Joey and Ashley, along with many nieces, nephews, aunts, uncles, cousins and friends.
