“ *My sympathies to the Stvan family in this, their difficult time of loss. I first met Susan in 2005 at Coke and she was always wonderful to me. What a kind hearted, generous and warm person she was. I am proud to have known her and deeply saddened to hear of her passing.*

“ *My Memories of Susan Stvan*

I met Susan when she was just 19 years old. Through the years she once reported to me and then I reported to her. But looking back at our memories it seems that for every important occasion in my life she was there. She was there for my wedding, children's weddings and in 2004 when I had the privilege to be a torch bearer there was Susan cheering me on. She was a great human being with a big heart. Her life may have been cut short but the memories of her good deeds, her mentoring and friendship will live for ever in my heart.....

“ *My Sincere sympathy and condolences to the Family.*

I can think of many, many memories of Susan; however, there is one that truly has stayed with me for all these years.

We were an unusual trio at that point in time, setting out on a business trip to Tampa, Shared Services. Susan, Hope Collier and myself. We sat separated on the flight down, each just doing our own thing to pass the time. We arrived and tended to the business at hand. But it was in the down time that the memory came to life. It was July in Florida, brutally hot and sticky, we got lost driving around, got caught in a monsoon of a rainstorm and it was then the laughter started. I can't recall in exact detail of what we were laughing about but what I do remember was laughing so hard to the point of tears, all together many times throughout the trip. Susan possessed a great sense humor and she enjoyed having a good time. Our business trip was a success and we headed home. Now sitting together on the flight back, it occurred to me, we would never to be considered an unusual trio again – perhaps just a little nuts. I still smile when recalling the memory- Forever Laugh – Eternal Peace
